## PROFESSIONAL EXPERIENCE

### M&A Analyst, Lazard, Hong Kong

04/2026-now

- Developed pitchbooks and marketing materials on cross-border M&A opportunities for Greater-China clients and prepared the response documents for RfPs, integrating market research and conducting valuation analysis to project companies' enterprise value
- Worked collaboratively with global teams on deal executions, actively contributing to M&A transactions in various sectors including renewables, industrials, healthcare and consumer sectors
  - Sell-side M&A for a Chinese biotech company's lead asset/equity stake (ongoing)
  - Buy-side M&A for a European fintech company's APAC business (ongoing)

### Senior Analyst, Societe Generale Corporate and Investment Banking, Hong Kong

07/2022-04/2026

#### *Corporate Finance Team (Senior Analyst)*

- Developed pitchbooks and marketing materials on M&A opportunities for APAC clients and prepared the response documents for RfPs, integrating market research and conducting comparative valuations to project companies' enterprise value
- Worked collaboratively with sector and product teams across various regions on deal executions, actively contributing to M&A transactions in the energy sector
  - Buy-side M&A for an operational offshore wind project in Taiwan (ongoing)
  - Sell-side M&A for an offshore wind project in Taiwan (lapsed)
- Facilitated communication with APAC investors throughout the bidding process and supported them in the due diligence phase

#### *Natural Resources and Infrastructure Finance Team (Graduate Analyst)*

- Actively involved in origination and execution of structured and project financings for APAC clients, covering diverse asset classes such as renewables, energy transition technologies, and metals
  - Bridge loan to the project finance for a gigafactory project in the US (closed)
  - Bridge loan & silver commercial prepayment for a Chinese refined copper producer (closed)
  - Bridge loan to the project funding for a solar panel manufacturing complex in the US (closed)
  - Project financing for an offshore wind project in Taiwan (closed after leaving)
- Prepared pitchbooks and conducted desk research on companies and industries within natural resources, electromobility, and energy transition sectors, providing clients with valuable industry insights and proposing contemplated transaction structures
- Developed cash flow models for corporate entities and projects to forecast future cash flows and size project debts; performed sensitivity analysis to assess corporate financial performance or project operations under different scenarios
- Reviewed documentation and negotiated key legal terms with legal counsel or clients and contributed to the due diligence process

#### *Sustainable Finance and Credit Management Team (Graduate Analyst)*

- Cooperated with products teams to structure sustainable finance products for APAC clients; participated in 2 green-labeled transactions by drafting green loan framework to support clients in the solar power industry and the rare earth metals industry
- Conducted comprehensive credit analysis for corporates and recommended their internal ratings, encompassing financial spreadings and financial analysis, industry overview and forecast, company profile and product analysis
